## HOW TO PLAY

A quick game where players do their best to make clever use of a limited hand of cards ranging from ridiculously powerful to just ridiculous. A calculated risk might gain you the coveted MacGuffin, but can you hold onto it until last card is played? Is it even out there at all? Game play is simple: on your turn, play a card either to the table in front of you (if the card is an Object) or make immediate use of its power (if it is an Action). When you're out of cards, you're out of the game!

- **Colorful, eye-catching artwork on extra-large cards stands out in demo games.**
- **Simple, easy-to-explain gameplay, but with surprising depth and strategy as players get to know the cards.**
- **High replay value as unique card interactions make every game different.**
- **At under 10 minutes per play, this is a great filler game when waiting for another game to start. Retailers are encouraged to pull this game out to fill time during regular gaming events at their stores.**
- **Priced for easy impulse purchasing.**
